Economic Conditions and Movement of Financial Market

Domestic economy for the second quarter of 2021 slowed down in the mid of the resurgence of Covid-19 and tightened control measures, resulting in a contraction in economic activity and a decline in consumer confidence. Private consumption was subdued following weakened purchasing power, despite the stimulus programs by the government aiming to support the domestic spending namely “Rao Chana” and “Mor33 Rao Rak Kan” schemes. Private investment started to slow down caused by the new outbreak among the construction camps. Tourism sector remained weak from the ongoing international travel restriction. Meanwhile, export sector recovered well thanks to increased demands from trading partners. The domestic car sale for the first 5 months of 2021 totaled 308,217 units, increased by 13.9% comparing to the low base in the same period of last year. For the second quarter of 2021, the headline inflation increased by 1.72% from an increase in oil price.

During the quarter, the Bank of Thailand continued to launch new assistance programs for affected clients such as debt relief measures phase 3 for credit card and personal loans, auto-title loans, hire purchase and housing loans through various restructuring methods, with an addition of “Hire Purchase Debt Mediation Expo”. Moreover, new soft loan program for SMEs was launched along with other SME assistance programs. In the meantime, the policy rate remained unchanged at 0.50%. The average 3-month fixed deposit rates of Top-4 commercial banks was stable at 0.33% (QoQ). The average minimum lending rate (MLR) and the average minimum overdraft rate (MOR) of Top-4 commercial banks stood at 5.31% and 5.85% respectively, whereas the average minimum retail rate (MRR) of Top-4 commercial banks increased from 5.98% to 6.03% (QoQ).

For the capital market in the second quarter of 2021, investor confidence dropped amid the resurgence of Covid-19 in Thailand, together with the concern on rising inflation globally, which resulted in fund outflow from foreign investors. Market trading volume remained high at the same level of the previous quarter with the average daily turnover of 93,864.39 million baht. SET index closed at 1,587.79 points, relatively stable from the end of the first quarter.

Operating Results

TISCO Financial Group Public Company Limited (“the Company”) had net profit from operations in the second quarter of 2021 on a standalone basis totaling 141.02 million baht, mainly contributed by dividend income. As a holding company, TISCO Financial Group Public Company Limited operates as shareholder in other company and no other major business. Therefore, the analysis was based on the Company’s consolidated operating performance and financial position which comprised of 2 main businesses: commercial banking business and securities business.

Operating Results for the Second Quarter of 2021

The net profit attributed to owners of the Company for the second quarter of 2021 was reported at 1,666.39 million baht or decreased by 5.5% comparing to the previous quarter, mainly driven by a decline in non-interest income by 21.4% (QoQ) in the mid of Covid-19 resurgence since the end of the last quarter that led to a reduction in economic activity. Fee income dropped by 18.5% (QoQ) from all business areas, including banking fee income particularly bancassurance business that slowed down from the last quarter. Brokerage fee income declined following lower trading volume while asset management fee decreased from fewer new fund issuances. Expected credit loss (ECL) decreased from the previous quarter, reporting at 1.0% of average loans. This reflected a decline in the need for additional reserve, which was a result of the setup of upfront provisions to cushion against any potential risks arising from the spread of Covid-19 since 2020 and the first quarter of 2021, despite increasing NPL ratio to 2.74%. Therefore, coverage ratio remained high at 213.7%.

Comparing to the second quarter of 2020, net profit increased by 25.3% (YoY) from core businesses that recovered from subdued economy in the previous year. Net interest income increased by 0.7% (YoY) following effective cost management. Fee income from core businesses recovered by 13.3% (YoY) from all areas. Banking fee improved especially bancassurance business that recovered from the second quarter of last year where an intense outbreak control measures were in place. Businesses related to capital market also improved from higher market trading volume and the growth in assets under management of asset management business. Furthermore, the Company also recorded gain from an increase in investment value during the quarter. Expected credit loss (ECL) decreased from the second quarter of 2020 after the setup of upfront provisions beforehand during 2020.

Basic earnings per share for the second quarter of 2021 were 2.08 baht per share, decreased from 2.20 baht per share in the first quarter of 2021 and increased from 1.66 baht per share in the second quarter of 2020. The return on average equity (ROAE) was reported at 16.9%.

Operating Results for the First Half of 2021

The net profit for the first half of 2021 was reported at 3,430.01 million baht or increased by 21.8% (YoY), mainly due to lower ECL by 28.5% (YoY) aligning with the Company's prudent provisioning policy that set aside upfront provision to cushion against potential risks since last year. In addition, non-interest income improved by 32.3% (YoY) driven by capital market businesses following new fund issuances in response to customers' need amid volatile market condition, and higher brokerage trading volume, coupled with the record of gain from investment during the first half of this year. Nonetheless, banking fee weakened (YoY) because the Covid-19 outbreak had not been widespread during the beginning of 2020.

Basic earnings per share for the first half of 2021 were 4.28 baht per share, increased from 3.52 baht per share in the first half of 2020. The return on average equity (ROAE) was reported at 17.7%.

The total retail portfolio as of June 30, 2021 consisted of 72.7% car and motorcycle hire purchase loans, 19.5% loans against auto license and 7.7% housing loans. The outstanding hire purchase loans totaled 120,386.94 million baht, dropped by 2.9% (QoQ) following a tightened loan underwriting policy amid highly uncertain economic conditions from the new wave of Covid-19 and high level of household debt. The domestic car sale for the first 5 months of 2021 was 308,217 units, increased by 13.9% (YoY), compared to 270,591 units in the first 5 months of 2020 where Covid-19 firstly occurred. The car penetration rate of TISCO for the first 5 months of 2021 declined to 5.2% (YoY) aligning with cautious lending policy.

Loans against auto licenses (“Auto Cash”) amounted 32,331.02 million baht, contracted by 1.8% (QoQ) caused by the prudent and cautious underwriting policy amid higher risk environment despite the high demand for consumer loans. Loans from “Somwang” channels amounted 17,369.94 million baht, declined by 1.5% (QoQ), and accounted for 53.7% of total loans against auto licenses. At the end of the second quarter of 2021, “Somwang” loan offices totaled 348 branches nationwide.

Housing loans totaled 12,770.24 million baht, dropped by 3.8% (QoQ) following highly competitive market condition and rising risk.

Corporate Lending portfolio totaled 36,548.57 million baht, declined by 4.2% (QoQ), due to the loan repayment from real estate and construction sector and public utilities and services sector.

Commercial Lending portfolio totaled 9,608.70 million baht, declined by 4.0% (QoQ) from a slowdown in car inventory financing business.

Other Loans portfolio totaled 2,349.35 million baht, decreased by 2.4% from the previous quarter.

Regarding the BOT’s debt relief programs, TISCO continued to support the assistance program for all affected customers including loan restructuring for retail clients and the offering of new Soft Loan scheme for SMEs, with the addition of special program of “Returning Car” for the clients who can no longer service their debts. At the end of the second quarter of 2021, the outstanding retail loans remaining in the assistance program was approximately 3.4% of total loans. Furthermore, the Company has approved the credit line for Soft Loan scheme amounting 4,000 million baht, and the outstanding amount of soft loans was approximately 1,300 million baht at the end of the quarter.

1.2 Asset Quality and Expected Credit Loss

At the end of the second quarter of 2021, the Company reported NPLs amounting 5,867.04 million baht, increased by 335.18 million baht (6.1% QoQ), and accounted for increased NPL ratio from 2.51% to 2.74% (QoQ). The increased NPLs were mainly caused by some restructured clients of hire purchase and Auto Cash loans can no longer service their debts and relapsed into NPLs. However, the increase in NPLs remained within the Company’s target range.

Expected credit loss (ECL) was reported at 564.98 million baht, decreased comparing with 881.65 million baht in the second quarter of 2020, and accounted for 1.0% of average loans. The setup of ECL reflected a decline in the need for additional reserve, which was a result of the setup of upfront provisions beforehand to cushion against any potential risks arising from the spread of Covid-19 since 2020 and the first quarter of 2021, aligning with the Company's prudent provisioning policy. In addition, the ECL included the release of excess reserve amounting 264 million baht according the Bank of Thailand's guideline.

Total allowance for expected credit loss of the Company was 12,540.59 million baht, which consisted of ECL impairment of 12,012.39 million baht and excess reserve of 528.20 million baht. Hence, loan loss coverage ratio improved to 213.7%.
